## **INTRODUCTION AND GUIDELINES**

The UMHL01 was specifically designed to provide for the registration of suppliers on the Umhlabuyalingana local Municipality Suppliers Database. In order to ensure that suppliers are considered legitimate tenderers, it is imperative that the following guidelines are adhered to.

**Applicants must complete pages 2 to 8, where applicable. Failure by an applicant to provide ALL relevant information and documents required will result in non-registration. If the information required is not applicable to your business; clearly insert the symbols "N/A" in the appropriate space. If the space provided is left blank, it will be regarded as information that is still outstanding and you WILL NOT be registered.**

Applicants are advised that only **ORIGINAL** UMHL01 or PHOTOSTAT copies thereof will be processed. Any document that has been retyped or redrafted will be disregarded and returned to the applicant.

It is imperative that only documents with an **ORIGINAL** signature be submitted.

All signatures to the document must be commissioned by an authorized Commissioner of Oaths. Failure to do so will result in the applicant not qualifying for registration.

A supplier registered on the Suppliers Database must notify the Supply Chain Management unit of any changes to information provided in the initial UMHL01. Failure to do so may result in such a supplier being removed from the Suppliers Database and/or the cancellation of contracts awarded to the supplier, on the basis of misrepresentation.

Suppliers providing information incorrectly or fraudulently in their UMHL01 will be disqualified from tendering and removed from the Suppliers Database, in addition to any other action the Municipality may institute against such a supplier. Further, in the event of the Municipality being prejudiced financially, it reserves the right to take legal action against the supplier.

For definitions of terminology used in this document, please refer to the definitions set out in regulation 1 of the Procurement Regulations, 2001, obtainable from the Supply Chain Management unit or website.

Any alterations made by the tenderer must be initialed. The use of correcting fluid is prohibited and the use thereof will lead to non-registration of the applicant business.
